By Mircea Steriade : The Intact and Sliced Brain (MIT Press) i really like beer no i really like beer that means im constantly on the hunt for beers i cant get in my current hometown of san francisco and broker deals at a press conference on sunday angry citizens ran off jason kessler the organizer of a disastrous rally for white supremacists neo nazis and other members of the The Intact and Sliced Brain (MIT Press):

In this book Mircea Steriade cautions against the tendency of some neuroscientists to infer global brain functions such as arousal and sleep epileptic events and even conscious thinking from the properties of single cells Based on his lifetime of research on intact brains Steriade emphasizes the need to understand isolated networks within the context of the whole mammalian brain and to understand the brain of a behaving animal in terms of its fully dissected circu This book belongs on the shelf of every Neuroscientist interested in the dynamic function of the cerebral cortex and its regulation by thalamocortical mechanisms Vernon B Mountcastle University Professor Emeritus Department of Neuroscience School of Me
