**From Theodore P Williams : Photostasis and Related Phenomena** Photostasis and Related Phenomena:

Over the weekend of 21 23 February 1997 a small group gathered in Tallahassee Florida at the invitation of Ted

Williams to discuss photo stasis and related topics The majority of participants were former students and colleagues of Ted s but an occasional outsider such as myself was generously included The papers presented there are collected in this volume The theory of photo stasis was first outlined in a landmark paper by John Penn and Ted published in 1986 The volume can be highly recommended to those who wish an updated review of the theory of photostasis Acta Ophthalmologica Scandinavica 77 2 1999
