By J. P. Mohr MS MD, James C. Grotta MD, Philip A. Wolf MD, Dennis W. Choi MD PhD, Bryce Weir OC MD MDCM FRSCS FACS FRCSEd(Hon) : Stroke: Pathophysiology, Diagnosis, and Management, 4e (STROKE, PATHOPHYS,DIAG AND MANAGEMENT) Stroke: Pathophysiology, Diagnosis, and Management,

4e (STROKE, PATHOPHYS,DIAG AND MANAGEMENT):

2 of 2 review helpful Fifty Percent Too Long By Roderic Fabian To call this text thorough would be an understatement The problem is there is too much redundancy and too little editorial control There is a separate section on therapeutics but many of the articles in earlier sections on diagnostic entities cover that too Pathophysiology is also covered here and there as well as in a separate section Rare manifestation First published in 1986 under the editorial direction of Dr Henry J M Barnett this encyclopedic yet readable text has served as a one stop shop for generations of practitioners seeking authoritative coverage of the scientific and clinical aspects of stroke The 4th Edition features a new editorial team led by former co editor Dr J P Mohr offering updated and expanded coverage of epidemiology and prevention clinical manifestations diagnosis specific medical di Authoritative eminently readable and current Journal of Neurosurgery F or depth of coverage of individual subjects and as a reference for cerebrovascular diseases Stroke has become the standard Annals of Internal Medicine
