By Antoinette Rouvroy : Human Genes and Neoliberal Governance museums in focus quot;english labouring class poets 1700 1900quot; quot;international perspectives on science culture and societyquot; quot;the body gender and culturequot; the connection between race and intelligence has been a subject of debate in both popular science and

academic research since the inception of iq testing in the early Human Genes and Neoliberal Governance:

Original and interdisciplinary this is the first book to explore the relationship between a neoliberal mode of governance and the so called genetic revolution Looking at the knowledge power relations in the post genomic era and addressing the pressing issues of genetic privacy and discrimination in the context of neoliberal governance this book demonstrates and explains the mechanisms of mutual production between biotechnology and cultural political After reading Human Genes and Neoliberal Governance one cannot but be impressed by Rouvroy rsquo s tour de force on the intricacies of genetic sciences discourse The work of deconstruction on the rhetoric o
