**By Jackie Leach Scully : Disability Bioethics: Moral Bodies, Moral Difference (Feminist Constructions)**

anthropology offers the opportunity to study human existence in the present and the past and to explore how and why humans vary in their behaviors cultures and biology with over 40 years experience emerald manages a portfolio of over 290 journals and well over 2500 book titles Disability Bioethics: Moral Bodies, Moral Difference (Feminist Constructions):

Jackie Leach Scully argues that bioethics cannot avoid the task of considering the moral meaning of disability in humans beyond simply regulating reproductive choices or new areas of biomedical research By focusing on the experiential and empirical reality of impairment and drawing on recent work in disability studies Scully brings new attention to complex ethical questions surrounding disability Impairment is variously considered as a set of social relations and p Disability Bioethics brings together important insights from disability studies feminist theory and bioethics to create an integrated original analysis into a range of ethical questions that arise in the context of medical approaches to disabilities
