1 of 1 review helpful A Great Value Pharmacotherapy Book By David O At a third the price of most pharmacotherapy texts this is a real gem of a find This books narrative approach to clinical drug therapeutics is both informative and

pleasurable to read There are very few medical texts that I actually look forward to reading and this has definitely made the list along with Katzung's Basic and Clinical Pharmacology Reinh Now in its fifth edition this best selling multidisciplinary textbook continues to draw on the skills of pharmacists and clinicians to present optimal drug regimens The authors integrate an understanding of the disease processes with an appreciation of pathophysiological processes clinical pharmacy and the evidence base New to this edition Stronger emphasis on understanding both the prescribing process and the clinical pharmacy process Isquo a unique and valuable support for all those involved or interested in drug therapy This is a textbook that no university or pharmacy department particularly those with employees studying at any level and no pharmacist trying to develop their know
