By Vinay Kumar, Nelso Fausto, Abul Abbas : Robbins & Cotran Pathologic Basis of Disease, Seventh Edition
Robbins & Cotran Pathologic Basis of Disease, Seventh Edition:

0 of 0 review helpful The standard By J Greene I don t have much to add that others haven t already mentioned This book is outstanding and Robbins and Cotran Review of Pathology Second Edition is absolutely essential as well There is room for improvement though On many occasions the clinical presentation of diseases reads more like a list and could really use some explanation as to why these symptoms occur It make First Prize Basic and Clinical Sciences 2005 BMA Awards Through six editions Robbins Pathologic Basis of Disease has been the leading textbook in its field

No other resource has been able to match its outstanding coverage of pathophysiology and disease. Now renamed Robbins and Cotran Pathologic Basis of Disease, the new 7th Edition of this classic text delivers a host of improvements that make it an even clearer choice for students and practitioners. It is hard to imagine a pathologist, whether a trainee or consultant, who would not benefit from reading or at least referring to this book. Most older pathologists will possess earlier editions, as Robbins has been a standard text for many years. This s
