By Ruth A Hannon, Charlotte Pooler, Carol Mattson Porth : Porth Pathophysiology: Concepts of Altered Health States this is not all of our nursing test banks contact us if you do not find the one you are looking for fundamentals foundations basic an altered level of consciousness is any measure of arousal other than normal level of consciousness loc is a measurement of a persons arousability and Porth Pathophysiology: Concepts of Altered Health States:

1 of 1 review helpful Canadian Version By C I also ordered the correct book but was sent the Canadian version I see

now that I simply ordered the cheapest new edition from the American page but it is NOT the same book It needs to have the Canadian details on the American page so that shoppers don't conveniently use the one click shopping tool but receive the wrong edition of the book they need I am having a ha The well respected textbook Pathophysiology Concepts of Altered Health States has now been fully adapted for Canadian undergraduate nursing and health professions students Like the original text this Canadian edition includes a review of anatomy and physiology and treatment information for commonly occurring disease states Pediatric geriatric and pregnancy deviations are integrated throughout and highlighted with icons for easy identification Canadian content
