Applied Physiology in Intensive Care Medicine:

1 of 2 review helpful excellent book By Saumitra Biswas not only the contents are excellent I have had absolutely no  
problem with the quality or binding with regular use over one and a half years 1 of 1 review helpful OK but writing  
quality variable By Customer This book contains a lot of information Most of it is interesting and useful But there

doesn't seem to be Revised and updated for this second edition this compendium is essential to the effective delivery of acute care medicine and has been written by renowned experts in the field It will serve as an invaluable reference source on key everyday issues From the reviews of the second edition This is a collection of physiologic papers from reviews presented in Intensive Care Medicine from 2002 to early 2009 Presentations from major figures in clinical critical care physiology are collected Teachers pra
