0 of 3 review helpful We make better By Jo atilde o Neri I confess that this was not my best purchase Not that the

book is bad on the contrary it is a good book but despite being a very recent publication it brings nothing new or add any information presenting a slightly updated version of the facts Congratulations to Brazilian that have made more consistent publications The rapid advances in medicine over the last 50 years have totally changed the outlook for children with disorders of sex development DSD but there is still much to learn This book crystallizes the combined experience of a leading dedicated unit over 25 years in delivering expert medical and surgical care to children with DSD in a holistic environment It documents the most recent advances in the molecular biology and embryology of sex development and describes each From the Back Cover The birth of a baby with ambiguous genitalia triggers a chain reaction of difficulties that rapidly spread to the entire family and most medical attendants leading to lasting effects on the gender identity personality and sexual functioni
